## Urgent change of the Circuit Cadet Cup in women's and men's epee

**Information Letter no. 40-2026**

Dear Member Federation,

We would like to draw your attention to an important change regarding the organisation of the upcoming Circuit Cadet Cup in women's and men's epee.

The event was initially planned to take place in Novi Sad, Serbia. Following the unfortunate circumstances that led to the relocation of the Burgos World Cup to Plovdiv, the Serbian and Spanish Federations have agreed that, for this year, the CC will instead be organised in **Burgos (ESP) on 12-13.12.2026.**

We would like to express our sincere appreciation to the Serbian Federation for its generous act of solidarity. By allowing the Spanish Federation to host this major event on Spanish soil, it has demonstrated the strength of collaboration within our fencing community.

This decision is a clear reminder that, when we work together, we achieve the best possible outcome for fencing.

We look forward to calmer times ahead and thank you for your understanding and continued support.

Based on aforementioned change, we have published updated EFC Calendar.

**Pascal Tesch**
**President**

**Jacek Slupski**
**Secretary General**
